ORDER OF BUSINESS.

Mondays and Thursdays are devoted to motions of all kinds, both in Law and Equity. If these should not occupy the day, Common Law arguments, on demurrers, special cases, &c., and Equity cases, on argument of pleas, demurrers and exceptions and caveats, may be taken.

On the other days, motions of course and those at Law, where the progress of a cause may be delayed, may be taken—then Common Law, Equity and Ecclesiastical causes, in their order in the respective papers of causes, those which are called on and not fully heard on *Wednesday*, to be taken on the Thursday, notwithstanding the above rule.

During the Sittings after term, all such motions as can be heard out of term, are taken on Monday and Thursday, but not on other days if the Court is sitting for the trial of causes. If the Court is sitting for hearing other causes, all Motions may be taken at the sitting of the Court, and before causes are called on.—After these are gone through, the Common Law Board is called on, while any causes remain on it, then the Equity Board, and then the Ecclesiastical.

In vacation a Judge sits in Chambers, every Tuesday and Friday, at eleven o'clock, but Counsel do not appear on contested motions until twelve.

Arrangements under which the business of the Police Office is conducted.

1st. The entire executive Police is under the special orders of the Superintendent of Police, who acts under the general control of the Chief Magistrate.

2d. Two Magistrates have special authority in Divisions of the Town as undermentioned:

F. W. BIRCH, Esq. Cossipore, 1st or North Division.

JAMES HUME, Esq. Magistrate; Kyd Street, 2d or South Division.

3d. In consequence of the late changes made by the Government in the Magistracy of the Town of Calcutta, the town has been divided into two Magisterial Divisions, and that the following line of roads, from the Circular Road to the Strand, has been laid down as the demarcation of the extent of the jurisdiction of the two Calcutta Magistrates.

Boituckinnah, Bow Bazar, Loll Bazar Roads to Tank Square North down Clive Street, in a Northerly direction till Fairlie Place, down Old Fort Ghaut Street to the banks of the Hooghly.

4th. The Senior Magistrate F. W. Birch, Esq. has special authority in the portion of the Town, lying North of the above line of roads, and James Hume, Esq. in the southern portion, including the thoroughfares themselves. Parties complaining of felonies, assaults, misdemeanors, &c. will prefer their charges before the Magistrate in whose jurisdiction they reside.

5th. The Chief Magistrate will as heretofore take cognizance of all offences occurring on the River and reserve to himself the option of adjudicating cases of importance wherever they may occur within the limit of the Town.

6th. Where Felonies and other serious offences have been committed and the offenders not apprehended, information should be lodged with the Superintendent of the Police, - or at the nearest Station in Section House.

7th. Police Office hours are from 11 o'clock A. M. to 5 P. M. or till business is finished.

8th. The Lock up Houses and Jails are especially under the orders of the Chief Magistrate, and the Fire Engines under the Superintendence and general control of the Chief Magistrate; but the Magistrates generally will, of course, call their hearty aid in cases of serious fire, and in visiting the Jails, for the purpose of bringing forward improvements or new regulations.

9th. The regulation of religious and other processions will be administered by the Supdt. of Police, under the direction of the Chief Magistrate.

10th. All Correspondence on general points affecting the Police, or the Police Buildings, or the Establishments, will pass through the office of the Chief Magistrate.

11th. All Complaints against Police Officers are to be preferred before the Superintendent, in the first instance. Those requiring to be judicially dealt with are only cognizable by the Chief Magistrate.

THE QUARTER SESSIONS OF THE PEACE.

These Sessions are composed of the Chief and other Magistrates, who assemble at the Police House for the purpose of hearing Appeals against the existing rates of House Assessment. They generally open about the 10th day of May, August, November and February, when appeals are received at the office by the Clerk, in accordance with a public notification issued at the time.

LOAN RULES.

1. Loans, repayable within twelve months, are granted to officers, civil or military, who can arrange for the regular payment of their stipulated monthly instalments, at Agra, on the security of two approved sureties

2. Under the same condition, and to the same classes. Loans requiring two years for repayment are granted with three sureties; and loans requiring three years with four sureties.

3. In the last two cases, where it may not be convenient to give more than two sureties, the loan must be further protected by a life insurance; but on application to that effect through the sureties, they consenting to the same, the directors will be prepared to allow the discontinuance of the policy on a loan of the two year class, after the expiration of the first year, and on a loan of the three year class after two years have expired. But where the borrower is on foreign or field service, the loan must always be covered by a life insurance.

4. To avoid the inconvenience and delay attendant upon the execution by principal and sureties of the various loan papers, the Secretary is authorised in cases where moderate amounts for short periods are desired for immediate purposes, to advance the same on promissory notes at 3 months date with one approved endorsement. The Secretary will furnish all other particulars necessary.

5. When a debtor dies, the balance (after discharging his own debt in full) of any policy of assurance upon his life will, at the discretion of the directors, be detained as security for the repayment of the balance of any account for which he may be responsible as a surety.

6. Where parties may find difficulty in effecting their remittances to Agra drafts on Calcutta or elsewhere, will be received in repayment of loans at the exchange of the day.

7. The mortgage of real property in the hill stations and larger military cantonments will be taken in place of life assurance, provided that the property be officially registered in the station books as belonging to the Bank, and that the amount advanced thereon be regulated by previous official report as to its true value.

8. In all cases of insurance, taken out by or through the Bank unless the debtor himself desire that the policy should be maintained at its original amount, it is reduced half-yearly according to the gradual liquidation of the debt.

9. Regimental loans repayable in five years are granted at 8 per cent. to corps to facilitate the establishment and maintenance of messes, bands, libraries, and other regimental purposes. The Secretary will be glad to frame scales for shares for regiments requiring advances.

10. Loans are granted on the security of government paper, on the stock of the Calcutta, Madras, Bombay, Delhi, and N. W. Banks and on the shares of other approved joint stock concerns, where the parties borrowing give to the Bank a power to sell the notes or shares forming such security, if, on one month's notice of intention to close the account, the loan—which will, in the first instance, be for three months, and thereafter renewable for a similar term or terms—shall not then be repaid in full.

11. Parties desirous of taking advances in Bombay, Madras, or Calcutta may arrange for the same at Agra; the interest chargeable thereon will be at the rates, if lower, prevailing in those places respectively.

12. Interest on loans is charged from the date on which the amount wholly or in part is placed as a floating balance at the disposal of the borrower, according to notice given, and is allowed, at the same rate, upon all remittances from the date of their realization.

13. When loans are not liquidated within the period agreed upon a penal interest of two per cent. per annum additional is chargeable upon the balance overdue.

14. It is a condition of every loan that the party borrowing shall be subject to the general rules of the Bank, in respect of such transactions.

15. Constituents of the service, when writing to the Bank, are requested to add their rank or official designation to obviate the delay of reference; and with the same view applicants for loans are also requested, in naming their sureties to furnish a similar detail regarding them, reporting also their residence at the time, in order that the loan papers may be forwarded to them direct, if they have previously consented to stand as such.

16. All Loan accounts with the Bank are brought up periodically to the 30th of June and 31st of December, and interest thereon is credited or debited to those dates half yearly.

17. When parties already indebted to the Bank require further accommodation, the balance due on the former account must be deducted from the new loan: as a general rule two accounts with different sureties and different terms of payment cannot be kept open at the same time.

18. The directors give a preference to applications for loans repayable within a short date.

19. The Bank render accounts once in the half year, when called for.

20. No letters *bearing postage* will be received by the Bank, except from pay masters, deputy pay masters, or other public authorities or from places where no postage can be levied. At the close of each half year, and in closing each loan, account, a charge of 8 annas for incidental expenses is made.

N. B.—Parties at and below Dinapore may transmit their applications to Agra, or at their option, to Calcutta, to the address of F. R. Neilson, Esq., Agent of the Bank.

Agra, 29th May, 1846.

NORTH WESTERN BANK OF INDIA.

Meerut.—(Branch at Calcutta.)

CAPITAL 40 LACS OF RUPEES.

Reserved Fund, ... 2,55,000

Established Originally as the Mussourie Bank on 1st February, 1841.

The Mussourie Bank was established at Mussourie by Captain Frederick Angelo, P. Salaroli, Esq., and John Rose Troup, Esq., with a capital of one Lac of Rupees.

In 1842, eight additional shareholders were taken into the association, and the business of the Bank was managed by Capt. Frederick Angelo, secretary, the objects of the undertaking being confined to the Improvement of the Settlement, and assisting the residents in it.

On 1st January 1844, the capital of the Bank was increased to 5 Lacs of Rupees, a Deed of Co-partnership on the plan and conditions of that of the Agra Bank was agreed upon, and the shares having been fixed at a valuation of Rs. 500 each, were sold to the public at par. and this was considered the Establishment of the Company as a joint Stock Bank.

The business having been more generally extended, and continuing to increase rapidly, it was found requisite on 1st July, 1844, to increase the capital to 10 Lacs, and the location of Mussourie having been found inconvenient for the increased business of the Bank, it was decided on 26th October, 1844, that it should be removed to Meerut, under the denomination of the NORTH WESTERN BANK OF INDIA, leaving a branch at Mussourie.

On 1st January 1845, it was again found necessary to increase the capital to 10 Lacs, making the paid-up capital amount to 20 Lacs of Rupees.

On 1st January 1846, it having been resolved to establish Agents in Calcutta, Bombay, and London, a further increase of 10 Lacs was determined on, making the paid-up capital 30 Lacs, which has been further increased to 40 Lacs.

. *All petitions are requested to be referred to the Secretary's Office, No. 11, Free School Street, Chowringhee.*

Constitution of the Society.—The Society consists of a Central Committee of supervision and control—of several District Committees—of a Native Committee for the Relief of the Native Poor of Calcutta, and an Asylum for the reception of Lepers.

Its Funds.—The Fund consists of a monthly Donation of Rupees 1,200 from the Supreme Government; of voluntary contributions from benevolent individuals, and the surplus of congregational collections in the Districts above the sum necessary for the relief of the poor resident in those Districts severally, whenever such surplus may be found to exist. Besides two *permanent endowments* to this society consisting of the interest on the "Lady William Bentinck, Fund," and that on the "Dwarkanauth Fund for poor Blind" being no less a sum than a Lakh of Rupees, vested in such a way as to yield a monthly interest of Rupees 500, bestowed on the Poor Blind of Calcutta by Baboo Dwarkanauth Tagore's munificent liberality.

The Central Committee.—The Central Committee is constituted of the Bishop—the Members of Council,—Judges of the Supreme Court, - The Members of the Select Vestry, and District Committees, and all Subscribers to the amount of Rupees 100 annually.

Its Functions.—The Functions of the Central Committee are to apportion the Funds, appropriating a surplus which may rise in one District to the supply of a deficiency which may exist in another—to discuss and settle all general principles, which may effect the operations of the District Committees either as to mode of investigation, class of persons to be relieved, or other general subjects, and also to relieve peculiar cases, which from their residing without the limits of any organized District, or involving some points unconnected with the localities of their residence, can more appropriately be decided on in a General Committee.

Alms House and Leper Asylums—These Institutions are supported from the Funds of the District Charitable Society, and are established in Amherst Street, under the medical superintendence of Dr R. Stuart. These objects of commiseration are comfortably housed, and allowed ample rations of suitable and wholesome provisions, clothing and bedding, and every attention is paid to their comforts. The different castes are lodged separately, and they can go out whenever they may have occasion by requesting permission of their respective superintendents, and may do anything they please for their own amusement. Notwithstanding all these advantages, it is to be regretted, that but a limited.

number of these unfortunate creatures have yet been induced to avail themselves of the asylum, though every means short of coercion have been exerted by the Central and District Committee of the Charitable Society, to divest them of their false and mistaken prejudices against the Asylum and Alms House, but the greater number still prefer begging in the streets. We allude particularly to those loathsome objects infesting the bazars and the public thoroughfares, commiseration for them must be lessened by the assurance that there is an Asylum provided for them, where all their reasonable wants are supplied, and therefore they need not seek casual relief for subsistence.

Address to the Public.—To give effect to this system it is earnestly requested that individuals will not subscribe indiscriminately to petitions which may be presented to them. Should the real circumstances of the petitioners be unknown to the persons, to whom they apply for relief, a reference to the Central Committee or District Committees of the part of the town which the applicants inhabit, will ensure the fullest investigation and most prompt relief if it be found necessary. A strict adherence to this line of conduct is the most effectual remedy for the numerous frauds now practised on the Public.

C. F. School Regulations R. 114 page 27.

"The benefits of the institution are sometimes extended to such children as have friends who wish to place them in the School, and, to avoid burdening the institution, agree to pay a sufficient sum to cover their expenses. It is understood that the Guardians of these children retain their natural right of removal and other control over them so as not to interfere with the general discipline of the School; but in all other respects there is no distinction between them and the rest of the children. By a sum sufficient to cover the expenses, is to be understood a sum not less than ten rupees a month, or a donation which may be considered equivalent, with reference to the age of the child, and its claim on the charity. The Governors however have a discretionary power as to the demand of a monthly sum to be paid for such children, which is in no case to exceed ten rupees."

No children to be admitted without a guarantee satisfactory to the governors that the monthly payment will be punctually defrayed.

All applications for having children admitted and apprenticed, are to be made to the Governors, through the Secretary.
